

DIBELS[®] Deep PA & WRD

What is DIBELS Deep PA & WRD?

DIBELS Deep PA & WRD (Phonemic Awareness & Word Reading and Decoding) is an advanced diagnostic assessment tool designed to provide additional in-depth information to help improve instruction for students in grades K-6 and for older students with very low skills. It is untimed and individually administered.

DIBELS Deep PA & WRD measures are rigorously researched and are:

- Highly rated in terms of usefulness of data and ease of use
- Used to assess each of the key basic early literacy skills: Phonological Awareness, Alphabetic Principle, Accuracy and Fluency with Connected Text, Comprehension, and Vocabulary
- Aligned with the CCSS
- Time-efficient and cost-effective
- Linked to DIBELS Next, but can be used for students not reaching benchmark on any screener

Read more at: <https://dibels.org/dibelsdeep.html>.

Why use DIBELS Deep PA & WRD?

DIBELS Deep may be used anytime an educator would like to have additional assessment on a student who is not making sufficient progress and more information is needed for instructional planning.

The precise information from these assessments helps educators answer these questions:

- What types of support do students need (i.e., prompts, modeling, or scaffolding)?
- What specific skills should be the focus of instruction or intervention?
- What instructional strategies should be implemented?

What training opportunities are available for DIBELS Deep PA & WRD?

An online workshop is available for DIBELS Deep PA & WRD. Training on DIBELS Survey is included. The cost is \$165 per user for a 30-day subscription, and it comes with a printed training book. The workshop is approximately 3 hours in length.

Prerequisite: Although prior training in DIBELS Next is helpful, it is not required.

DIBELS Next Mentors who complete training and pass a quiz will receive an endorsement to their certificate for DIBELS Deep and DIBELS Next Survey training so they can use DMG's materials to train others.

To sign up, visit:
